REPLY COMMENTS TO COUNTERPROPOSAL

Kimberly B. Studstill ("Studstill"), an individual, through her attorneys, submits these, her Reply Comments, to the Notice of Counterproposal released by the Commission April 12, 1995 (Report No. 2066) in the captioned proceeding. The Counterproposal was proposed by Studstill in COMMENTS AND COUNTERPROPOSAL filed March 20, 1995.

Originally, Randal J. Miller ("Miller" or "Petitioner") in a Petition for Rule Making filed November 21, 1994, suggested the allotment of Channel 252A to Tower Hill, Illinois, and provided engineering data to demonstrate compliance with the Commission's spacing rules.

In response to a Notice of Proposed Rule Making released by the Commission January 26, 1995, Miller provided comments but no statistics or data indicating that the proposed allotment would be in the public interest.

In her said COMMENTS AND COUNTERPROPOSAL, Studstill presented demographic characteristics in support of allotment to Cowden,

rather than Tower Hill. The Commission's Public Notice of counterproposal resulted.¹

In these REPLY COMMENTS, Studstill again states that upon allotment of Channel 252A to Cowden, Illinois, she will file an application for authority to construct a new station on that channel, and upon grant thereof, will build and operate a new FM station providing a first local service to Cowden.

In order to assist the Commission in its determinations, Studstill has attached hereto official data of the U. S. Department of Commerce, Bureau of the Census, relating to Cowden, Illinois, and based upon the 1990 Census of Population and Housing. These data substantiate in part data previously furnished to the Commission in Studstill's COMMENTS AND COUNTERPROPOSAL. Also attached are reports from the Illinois Department of Revenue, showing that rates taxes for Cowden exceeded those of Tower Hill by 17%.²

The public interest requires that Channel 252A be allotted to Cowden rather than Tower Hill. Tower Hill is but seven miles from Shelbyville and six miles from Pana. It is but a bedroom community

¹ Miller has attempted to file REPLY COMMENTS April 5, 1995, providing market data, etc. relating to Tower Hill. Studstill's MOTION TO STRIKE REPLY COMMENTS was filed April 10, 1995, and is still pending.

² The Commission should note that these data are official releases of the U. S. Department of Commerce, the State of Illinois, and should not be confused with the information sought to be injected by Miller from "MDR Demographic Applications, Inc.", an unknown and unidentified organization.

to the latter. Tower Hill residents shop at, e.g., Wal-Mart, in Pana, and to a lesser extent, at Shelbyville. Cowden, on the other hand, is relatively isolated (some twenty-two miles from Pana and fourteen miles from Shelbyville) and is for that reason among others, more deserving of a first local radio outlet.

Conclusion

On any comparative basis, Cowden should be preferred to Tower Hill, as most deserving of a first local radio station.

Respectfully submitted,

KIMBERLY B. STUDSTILL

Data from the 1990 Decennial Census will serve decision-makers into the 21st century. We've designed a variety of products to fit your data needs. This brochure is an introductory guide to the reports, machine-readable products, and other products of the 1990 census.

If you need more information, contact one of our regional offices, a State data center, or the Census Bureau's Data User Services Division, Customer Services, Washington, DC 20233 (301/763-4100).

* Note: The 100-percent component subject items appear on the short and long forms and are collected from all persons and housing units. The sample component subject items appear only on the long form or sample questionnaire and are collected from a sample of approximately one in six housing units.
